NEW EMAIL ADDRESS – brrag@boesmans.co.za

Please amend your bank beneficiary details as well.

DECEMBER SECURITY

We are planning for our usual additional security during the holiday season. Why so early? Because we need to advise the service provider of the number of guards that we will require

in good time as they must hire them in and ensure that they are properly trained to comply with the relevant legislation regarding security guards. This cannot happen overnight. We urge members to commence contributing towards the December security fund so that we can assess our resources for the project by the end of October 2022. Please donate generously. We require approximately R 175 000 – R 200 000. Payment can be made as follows:

BRRAG: Standard Bank: Branch Code 051117: Kenton on Sea: Account Number 281116393. reference: Guards.xx.Street.Name. Please send an email notification to brrag@boesmans.co.za to help us identify the correct houses that are contributing towards this protection plan. Riversbend owners, please encourage neighbours to assist – we have traditionally contracted for fewer guards for a shorter period due to the lack of contributions.

Also note, that the amount above only allows for guards at night (18h00 – 06h00) and a slipway and sea carpark guard during the day. If we receive more than the amount above, daily roving guards can be added.

Markings will be placed in the street outside the houses that contribute for easy identification by the guards during December.
